

We understand that parents and carers have expressed concerns about standing close to the road when waiting for morning sessions to begin. In response to this, we feel like a safe solution would be for you to wait on the playground, in a designated area away from the play equipment (to be marked by cones), from 8:50am. However, as you will be waiting on the site of the Playgroup before your child's session begins, we need you confirm that you will remain responsible for your children until they have entered the building to begin their session. Please sign below if you agree to this. Many thanks.
